

LaRC SAFETY HIGHLIGHTS

July 16, 2001

FY 2001 - Civil Servants

() = Number of new occurrences

OSHA Recordable Cases = Fatalities, Lost Time and Incidents
Incidents = Non first aid medical cases which have less than 8 hours lost time

Injury/Mishap Information

- The Center has been **154** days **without** a Civil Servant **Lost Time Injury** (Record 251 days).
- OSHA Recordable Incident - On June 29, 2001, an AAAC employee lifting 25-lb weights onto a test article sustained a strain to the right elbow. Due to the continued discomfort of the strain, the employee has been referred out for further treatment. The employee will obtain assistance from other facility personnel when lifting weights in the future.
- The following first aid cases involving civil servants were reported:
 - A SEC employee lifting a wooden top off of a shipping container sustained a finger laceration from a wood splinter. The employee will wear gloves in the future.
 - An AAAC employee, after using a wire stripper to remove the covering from a coaxial cable, rubbed an eye causing a fragment of the wire to become lodged in the eye. Clinic personnel removed the wire fragment from the employees' eye.
 - A SEC employee bending over at the waist to pick up a wrench sustained a back strain. The employee was instructed to bend from the knees in the future.

Safety Information - LAPD 1700.2, "Safety Assignments" sets forth organizational and functional safety assignments and specifies the priorities and responsibilities of Facility Safety Heads and Facility Coordinators.

Weekly Video Schedule - Housekeeping (**NEW**); Vacation Safety (**NEW**); Office Safety; Step by Step Safety; and What is Carelessness.
